HOLIDAY INN LEY LARGO RESORT & MARINA

AWARDED TOP GUEST SATISFACTION DISTINCTION

KEY LARGO, FLORIDA: The Holiday Inn Key Largo Resort & Marina has been awarded the 2006 *Quality Excellent Award* from InterContinental Hotels Group (IHG -- parent company of the Holiday Inn brand). This award is presented to hotels within the company that receive the highest level of guest satisfaction scores. For the past year, the South Florida resort has ranked number one in guest satisfaction scores in the region for the company.

“We are thrilled to be recognized by IHG for our dedication to customer service,” said Patrick McGeown, general manager of the hotel. “For over three decades, we have been welcoming travelers to the Keys and we look forward to continuing to deliver outstanding guest experiences.”

Located less than an hour south of Miami in the dive capital of North America, the **Holiday Inn Key Largo Resort & Marina** is a water sports lover’s paradise. Home of the Original “African Queen” boat of movie fame, the resort offers a 75-slip, full-service marina with private dockage available or a complete selection of charters offering deep-sea and back-country fishing, glass-bottom boats, sunset and casino cruises, and dive and snorkel trips daily to the John Pennekamp Coral Reef & Marine Sanctuary. In addition, the property offers two freshwater pools -- one with a spectacular waterfall-set amidst beautifully landscaped tropical gardens. No to miss is the famous Tiki Bar -- a true way to experience the "Spirit of the Keys."
